Argentine Importers Desire Sending Unsolicited Samples Cease.

PRACTICE COSTS HEAVILY

Charges Are at Least \$1.95 Even When Contents Are Valueless.

The weekly list of trade chances gathered by the United States Bureau of Foreign and Domestic Commerce is given below.

To retain the good will of Argentine importers producers here are urged not to send unsolicited samples by parcel post. The Argentinian and are of no interest to him, although he may be called upon to pay heavy customs and delivery charges on them.

The difficulty and expense involved in such shipments are thus described by a firm in Buenos Ayres:

"Upon arrival of a parcel post package the post office authorities demand that the sender have to present a declaration of ignorance of contents, which costs 4 pesos paper (\$1.70). The contents are thereupon examined by customs officials, and when they are of no commercial value an additional charge of 0.60 peso paper (25 cents) is made. Durable goods are, of course, subject to the usual duties.

Addresses of persons and firms may be obtained through THE SUN. Questions regarding published items should be sent to the office of THE SUN, 100 N. York St., New York, N. Y., and the number of the item should be given in all cases. THE SUN does not furnish credit ratings or assume any responsibility for handling of the business men or firms abroad. The usual precaution should be taken in all cases.
